**H-1B Registration Tool: Overview**

Heading	Sub-Heading	Text	Revised Text
H-1B Registration		<p>A U.S. employer or agent (prospective petitioner) who seeks to obtain H-1B nonimmigrant classification on behalf of an individual subject to the H-1B numerical allocations will need to submit a registration during a designated registration period, unless the registration requirement is suspended by USCIS.</p> <p>Prospective petitioners, or their attorneys or accredited representatives, may submit up to 250 registrations per submission.</p> <p>The annual initial registration period will last a minimum of 14 calendar days and will start at least 14 calendar days before the earliest date on which H-1B cap-subject petitions may be filed for a particular fiscal year.</p> <p>If a sufficient number of registrations projected as needed to reach the H-1B regular cap have not been received within the initial registration period, USCIS will notify all registrants who have properly registered that their registrations have been selected. USCIS will keep registration open past the initial registration period until USCIS has determined that it has received enough registrations projected as needed to meet the H-1B regular cap.</p> <p>After the end of the initial registration period, if USCIS has received more registrations than needed to meet the projected number of registrations to reach the regular cap, we will randomly select a sufficient number of registrations. A similar process will apply for those who may be eligible for the advanced degree exemption. A Form I-129, Petition for a Nonimmigrant Worker, may then be filed by the petitioner based on a selected registration to request classification of the beneficiary as an H-1B worker.</p>	<p>A U.S. employer or agent (prospective petitioner) who seeks to obtain H-1B nonimmigrant classification on behalf of an individual subject to the H-1B numerical allocations will need to submit a registration during a designated registration period, unless the registration requirement is suspended by USCIS.</p> <p>Prospective petitioners, or their attorneys or accredited representatives, may submit up to 250 registrations per submission.</p> <p>The annual initial registration period will last a minimum of 14 calendar days and will start at least 14 calendar days before the earliest date on which H-1B cap-subject petitions may be filed for a particular fiscal year.</p> <p>If a sufficient number of registrations projected as needed to reach the H-1B regular cap have not been received within the initial registration period, USCIS will notify all registrants who have properly registered that their registrations have been selected. A similar process will apply for those who may be eligible for the advanced degree exemption. This ranking process will not affect the order of selection as between the regular cap and the advanced degree exemption; the wage level ranking and selection will occur first for the regular cap and then for the advanced degree exemption. If selected, the prospective petitioner is eligible to file an H-1B petition, during the applicable filing period, for the beneficiary named in the selected registration to request classification of the beneficiary as an H-1B worker.</p>

	<p><b>Paperwork Reduction Act</b></p>	<p>PURPOSE: The primary purpose for providing the requested information on this form is to register prospective beneficiaries for the annual H-1B cap selection process. DHS uses the provided information to select a projected number of registrations needed to generate a sufficient number of H-1B cap petitions to reach the annual H-1B numerical limitations, including the advanced degree exemption, and associate selected registrations with subsequently filed H-1B cap petitions. Unless the registration requirement is suspended, a prospective petitioner must have a selected registration to be eligible to file an H-1B cap petition for the named beneficiary.</p> <p>DISCLOSURE: The information you provide is voluntary. 			<b>Check for duplicates</b>	Check your registration(s) for duplicates. This process is optional and could take 10 to 15 minutes to complete.  A registrant (prospective petitioner), or their authorized attorney or representative, may only submit one registration per beneficiary in any fiscal year. If a registrant, or their authorized attorney or representative, submits more than one registration per beneficiary in the same fiscal year, we will invalidate all registrations submitted by that registrant, or on their behalf by their authorized attorney or representative, related to the beneficiary for the fiscal year. Before you submit your registration(s), you can check if the registrant named in this submission previously submitted a registration for any of the beneficiaries included in this submission for the same fiscal year.  To check your registration(s) for duplicates, you must provide your Employer Identification Number (EIN) on the "About Registrant" page and add at least one beneficiary on the "About Beneficiary" page. Then, select the "Check for duplicates" button to perform the check. A duplicate will be found if you or another person already submitted a registration for the beneficiary on behalf of your organization for the same fiscal year.  Once the check is complete, you can review the list of beneficiaries who have duplicates on the previous page. We recommend staying on this page until the check is complete. If you add beneficiaries after performing this check, you can perform the check again.  <b>Note:</b> Using this check does not guarantee that duplicates will not be identified by USCIS at a later date. This check will compare the beneficiaries listed in this draft with any registrations previously submitted during this registration period. It will not check for duplicates within this draft or between drafts. You can review the list of beneficiaries you included on the previous page (or on the spreadsheet on your account homepage) to make sure you have not entered a beneficiary more than once. Even if utilizing this check, the burden is still on the registrant to ensure that no duplicate registrations are submitted.		Button		Check for duplicates
