# Nationwide Enforcement Encounters: Title 8 Enforcement Actions and Title 42 Expulsions Fiscal Year 2023

On March 21, 2020 the President, in accordance with Title 42 of the United States Code Section 265, determined that by reason of existence of COVID-19 in Mexico and Canada, there is a serious danger of the further introduction of COVID-19 into the United States; that prohibition on the introduction of persons or property, in whole or in part, from Mexico and Canada is required in the interest of public health. Under this order, CBP is prohibiting the entry of certain persons who potentially pose a health risk, either by virtue of being subject to previously announced travel restrictions or because they unlawfully entered the country to bypass health screening measures. To help prevent the introduction of COVID-19 into border facilities and into the United States, persons subject to the order will not be held in congregate areas for processing and instead will immediately be expelled to their country of last transit. In the event a person cannot be returned to the country of last transit, CBP works with interagency partners to secure expulsion to the person’s country of origin and hold the person for the shortest time possible. This order does not apply to persons who should be excepted based on considerations of law enforcement, officer and public safety, humanitarian, or public health interests. Expulsions under Title 42 are not based on immigration status and are tracked separately from immigration enforcement actions, such as apprehension or inadmissibility, that are regularly reported by CBP.
